| 제품 장점  |   |   |
|  | Charging device outl current (AC), compat | 2A-P-0.0M-2206000033<br>et for charging electric vehicles (EVs) with alternating<br>tible with national standard AC powered charging device<br>in electric vehicle charging stations (EVSE) |
| 제품 장점  |   |   |
| <ul> <li>☑ All Degson's vehicle sockets and cl</li> <li>☑ The surface of power and signal co</li> <li>☑ Certified to IATF 16949:2016</li> <li>☑ Ergonomic and easy to operate</li> </ul> |   | s adopt a unified design  |
| 제품 인증  |   |   |

|  |   |   |
| Environmental conditions   |   |   |
| Maximum altitude   |   | 5000m(Above sea level )   |

| IP class                                  | IP54 (protection cover) |
|---|-------------------------|
| Ambient temperature (storage / transport) | — 40 °C ~ 80 °C         |
| Ambient temperature (operation)           | — 30 °C ~ 50 °C         |

Electrical characteristics

| Maximum charge power | 26KW |
|----------------------|------|
| Phase                | 3    |
| Power pin quantity   | 5    |

| Rated current of high-power contacts | 32                                       |
|--------------------------------------|--|
| Power contact rated voltage          | 440                                      |
| Quantity of signal contacts          | 2  |
| Signal contact rated current         | 2  |
| Signal contact rated voltage         | 30                                       |
| Signal transmission type             | Pulse width adjustment                   |
| Connection method precautions        | Crimp connection, cannot be disconnected |
| Temperature measurement              | 2x Pt 1000 (DIN EN 60751)                |

## Mechanical properties

| Insertion/pullout cycle | 10000  |
|-------------------------|--------|
| Insertion force         | < 100N |
| Pull out force          | < 100N |

## Installation

| Available installation location     | Installation in front of the board      |
|-------------------------------------|---|
| Limit of the installation location  | Only allow 0 to 90 degrees frontal tilt |
| Lock actuator installation location | Top center                              |
| Mounting hole diameter              | 7.00 mm (ø)                             |

# Marking material

| Shell color              | black                                       |
|--------------------------|---|
| Customization basis      | Provided according to customer requirements |
| Contact surface material | Ag  |
| Marking material         | Plastic                                     |
| Locking device           |   |
| Lock type                | Secured by locking device after insertion   |
| Lock actuator            |   |

| Poles of pluggable connectors          | 4   |
|--|---|
| Nominal operating voltage              | 12V   |
| Motor possible supply voltage range    | 9-15.5V   |
| Lock detection maximum voltage         | 12V   |
| Response time                          | ≥0.02S  |
| Work cycle                             | On: off=0.02S: 10S  |
| Working temperature                    | _40 °C 80 °C  |
| Withstand voltage                      | DC1000V   |
| Power                                  | 32W±10%   |
| Service life                           | >10000 times without load   |
| Ambient temperature (operation)        | _30 °C 50 °C  |
| Cable length                           | 0.3m  |
| Cable composition                      | 4 x 0.5 mm²   |
| Cable                                  |   |
|  | 2 x6 mm <sup>2</sup> + 1 x 10 mm <sup>2</sup> + 2× 0.75 mm <sup>2</sup> |
| Cable composition                      | 4 x6 mm <sup>2</sup> + 1 x 10 mm <sup>2</sup> + 2× 0.75 mm <sup>2</sup> |
| Bag                                    |   |
| color                                  | Blue  |
| Dimension                              | ø350*100mm  |
| Temperature Sensor                     |   |
| Standard                               | DIN EN 60751  |
| Recommended measured current           | 1 mA (1 V at 0°C )  |
| Temperature range                      | _50 °C 150 °C   |
| Temperature coefficient (TCR)          | 3850 ppm/K  |
| Long-term stability (maximum R0-Drift) | 0.06 % (After 1000 hours at 130°C )                                     |
|  |   |

| Shutdown temperature             | 90 °C Equivalent to Pt 1000 value 1346.5 $\Omega$ |
|----------------------------------|---|
| Environmental Product Compliance |   |
| REACH                            | conform   |
| China RoHS                       | conform   |
| Dimension                        |   |
| Depth                            | 63.2mm  |
| Hole diameter                    | 60mm x 60 mm                                      |
| Wire length                      | Om  |
|                                  | 0.3 m (Lock the actuator cable)                   |
| width                            | 76mm  |
| Height                           | 115.8mm   |
